Living

Ideal Work: Living

An open space

The living area is usually dedicated to conviviality and relaxation. With Ideal Work®'s surfaces the space where we spend most of the time at home acquires elegance and a seamless, contemporary ambience. A custom-made space you can decorate according to your own style and imagination. A beautiful space to enjoy every day.

Uno spazio aperto

La zona living è lo spazio dedicato alla convivialità, al relax o alla riflessione. E con le superfici Ideal Work® l'ambiente più vissuto della casa si riveste di eleganza, contemporaneità e continuità. Uno spazio su misura da arredare secondo la propria immaginazione e stile. Uno spazio tutto da vivere.

Un open space

La zone du séjour est dédiée à la convivialité, au relax ou à la réflexion. Avec les surfaces Ideal Work® l'espace le plus vécu de la maison acquiert élégance, modernité et continuité. Un espace sur mesure à décorer selon son propre imagination et style. Un espace à vivre dans le quotidien.

Ein offener Raum

Der Wohnraum ist ein Ort der Geselligkeit, der Entspannung und Beschaulichkeit. Mit den Oberflächen von Ideal Work® wird der meist genutzte Raum des Hauses elegant, modern und durchgehend verkleidet. Es entsteht ein Raum, der gemäß der eigenen Fantasie und Eleganz eingerichtet werden kann: ein Raum zum Erleben.

Unrepeatable beauty

Our every surface, a unique work of art.

Ideal Work® systems and solutions allow you to obtain a unique, attractive, valuable finish which can only be provided by true artisan craftsmen and quality materials. A surface offering that individual hand finish preferred by those who see no beauty in mass production. This individuality is in the very nature of the core material used, concrete, which provides that imperfect beauty. An Ideal Work® finish can create exclusivity in any situation it is used, be it commercial, industrial, municipal, leisure, medical, retail, academic, administration or restaurants.

The finishes are hand created by fully trained and registered craftsmen who are regularly updated on new techniques and materials. Shading, variegated colour effects, hand produced textures and irregularities typical of skilled manual work, all come together to produce a custom finish with soul, something that contains a little piece of everyone involved in the creative process from designer, to manufacturer, to artisan finisher. Ideal Work® handmade surfaces: beautiful and unrepeatable.

Ogni nostra superficie, un'opera unica.

Le soluzioni Ideal Work® consentono di ottenere superfici uniche e pregiate, con tutto il valore intrinseco che solo le creazioni artigianali hanno; quel qualcosa in più amato da chi non ricerca la perfezione della produzione seriale.

È nella natura stessa del materiale di cui sono fatte, il cemento, il cuore della loro bellezza imperfetta. Una superficie Ideal Work® sa regalare esclusività in qualsiasi luogo in cui prende posto, connotando con unicità tutti gli spazi: le case, i locali pubblici, gli uffici, gli spazi commerciali ed espositivi, e ancora i musei, i negozi, i ristoranti.

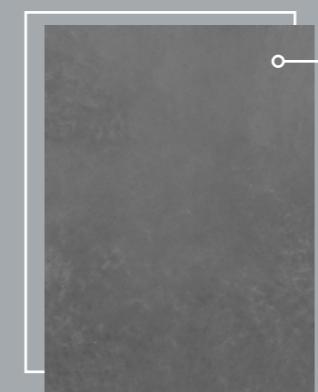

Perché è fatta a mano da artigiani formati e aggiornati su tutte le tecniche ed i segreti per lavorare al meglio il cemento; una sfumatura diversa, una variazione cromatica, la non uniformità della superficie: tutte le irregolarità, tipiche del lavoro manuale, arricchiscono le superfici cementizie di pregi e ricercatezza.

Ma non è tutto: a differenza dei macchinari, i nostri artigiani possono variare il lavoro in corso d'opera, possono personalizzare una finitura, sanno curare ogni dettaglio con passione, competenza ed esperienza. Superficie create a mano Ideal Work®: opere belle e irripetibili, per natura.

Chaque réalisation est une œuvre unique.
Les solutions qu'offrent Ideal Work® permettent d'obtenir des surfaces uniques et de qualité, avec la plus value d'une création artisanale, pour la satisfaction les amateurs d'originalité. Les qualités propres au ciment sont l'âme de cette beauté imparfaite. Un sol Ideal Work® offre aux lieux une connotation unique pour les habitations, les lieux publics, les bureaux, les espaces commerciaux, les musées, les magasins et les restaurants.

Un sol Ideal Work® est réalisé manuellement par des artisans compétents et formés sur toutes les techniques liées au ciment. Les finitions obtenues offrent une infinité de marquages et de nuances, l'effet irrégulier enrichi les surfaces en béton et confèrent un aspect recherché et de qualité. Le petit plus: la réalisation artisanale permet d'effectuer des variations durant la réalisation et de créer des finitions personnalisées. Chaque sol est le fruit de la passion, de la professionnalité et de l'expérience des artisans. Les surfaces Ideal Work® sont réalisées manuellement, elles sont belles et uniques.

Our solutions

Nuvolato Architop®

The brutal charm of industrial concrete, ideal for renovation projects and a minimalist design environment.

- Minimal thickness: 3 mm
- High wear resistance
- Speed of laying
- Can be applied without limits or interruptions depending on the existing surface

Il fascino brutale del cemento industriale, ideale per ristrutturare e perfetto per ambienti di design.

- Basso spessore: 3 mm
- Alta resistenza all'usura
- Veloce da posare
- Senza interruzioni in funzione della superficie esistente

Le charme brutal du ciment industriel, idéal pour restructurer et parfait pour des environnements de design.

- Faible épaisseur: 3 mm
- Résistance à l'usure
- Rapidité d'exécution
- En fonction de la surface existante, il peut être appliqué sans limite ni interruption.

Die brutale Faszination des industriellen Zements, ideal für die Renovierung und perfekt für ein Designer Ambiente.

- Geringe Stärke: 3 mm
- Hohe Widerstandsfähigkeit gegen Abnutzung
- Schnell zu verlegen
- Ohne Einschränkungen oder Unterbrechungen der bestehenden Oberfläche anzuwenden
